

**EUROPEAN
CHAMPIONSHIP 10m
LOHJA, FINLAND
26 FEB – 8 MAR 2021**
Rifle | Pistol | Running Target

August 2020

INVITATION

Finnish Shooting Sport Federation and the Organizing Committee has the pleasure to invite all ESC Member Federations to participate in the European Championship 10m to Finland from 26th of February to 8th of March 2021.

The competition takes place in Kisakallio Sports Institute in Lohja, Finland. The shooting arenas will be equipped by Sius Ascor target systems. The most current rules of ESC and ISSF will be followed. We are also happy to be able to deliver six quota places to the Tokyo Olympic Games 2021.

Because of the current Covid-19 situation, we have already made some changes like increasing the space for every athlete in the shooting spot. We are following the situation closely and preparing plans for different scenarios to make sure that the event will be safe for everyone.

Please, check carefully the instructions given in the General Information document.

Welcome, see you in Finland!

Vesa Nissinen
President of the Finnish Shooting Sport Federation
President of the Organizing Committee
