Auditor's Report 2019 and 2020

We have checked the book keeping of the ESC accounts for the years 2019 and 2020. Due to the corona pandemic, we received all the necessary documents for the audit in digital form.

The opening and closing balances of all bank accounts were found to be in accordance with the received spreadsheets.

The income was found to be correct by sample-wise checking the bank account reports.

The expenditures were found to be in accordance with decisions of the Presidium, as stated in the minutes of the Presidium meetings, which we have received.

Income and expenses were lower due to the corona pandemic in 2020.

The overall figures for 2019 and 2020 were in Euros:
