BULLETIN #2

TECHNICAL MEETING (29 JULY – 14:00 h)

Please note that the Program has been changed and instead of two separate Technical Meetings for Shotgun and Running Target, there will now be only one for both disciplines together. The Technical Meeting will take place on 29 JULY 2013 at 14:00h at the canteen of the Shooting Range in Suhl. There will be a shuttle from the shotgun range down to the canteen (13:45h leaving for the Technical Meeting, 14:45h back to the range). Attached please find the site plan of the shooting range, where the canteen and the bus stop for the shuttle are marked in red (Annex 1).

The agenda for the Technical Meeting will be distributed in the pigeon holes by 28 JULY 2013. If you have any proposals, which themes should be added to the agenda, please contact the Organizing Committee by mail (gnau@dsb.de) till 25 JULY 2013. The first part of the Technical Meeting will be about Running Target and the second part about Shotgun.

Following the Technical Meeting, there will be a Workshop exclusively organized by one of our partners VIVAZ. This Workshop will last around fifteen minutes and the main purpose will be to introduce and present their company and their products as well as to share some information about environmental-friendly clay targets. After the Workshop there will be a chance to have a personal talk with the VIVAZ representatives while enjoying some typical Spanish cheese and ham.

AIRPORT TRANSFER

Please contact the OC (Ms. Laura GNAU) upon your arrival concerning the airport transfer for the departure of your team, so that you can coordinate the pick-up time. The pick-up for the arrival of your team has been organised according to the provided travel details of your federation. We ask for your understanding that we will have to gather smaller groups for transfer, so some waiting time might be possible.

Thank you and have a good trip to Suhl!
