6. SHOTGUN PERMITS & CUSTOM FORMALITIES

Owners of a European firearms passport may import their guns without an auxiliary permission to Greece.

All nations who do not belong to the European Union have to use the following procedure.

In order to be in compliance with Greek firearms laws, a firearms permit must be issued for the duration of the 2014 Grand Prix by the Greek State, for every single gun that will enter the country for the purpose of training and competition. For your assistance, it is required that a copy of the attached guns declaration form be submitted for each athlete prior to the arrival of the athletes.

Import and Registration of Firearms and Ammunition

It is the responsibility of the shooters before the arrival to fill in the specific form with all the necessary information concerning the shotguns and ammunition to be brought into Greece. Upon their arrival at the Hellenic Custom Authorities, the sport equipment brought into Greece will be registered and it has to be exactly the same with the one declared by the shooters.

Every other person except the competitors who will have access to the shotguns must be registered.

The registration is valid for the duration of the competitor’s stay in Greece and expires on the day of his/her departure. The Permit is issued in the name of the competitor who imports the sport guns. Note that absent this permit the guns will be detained by Greek Customs upon arrival and will not be released to the shooters until all necessary

paperwork has been completed and permits issued.

The police and custom authorities will allow all participating shooters to import with them all the necessary ammunition that will be used for the competition

All competitors and team officials must comply with the provisions of Greek guns laws and Customs Regulations for importation and re-exportation of guns and ammunition. The guns permit, as issued by the Hellenic State, requires that all guns will be re-exported at the end of competition and under no circumstances will remain in the country.

Please forward the enclosed information to your shooting athletes as well as any team official or team member who may handle athletes' guns in Greece.
