To the ESC Member Federations

March 19th, 2024

Dear Colleagues,

By the proposal of the Estonian Shooting Sport Federation, the ESC Presidium has decided to organize a course for coaches with basic experience of practice on the national level, seeking to expand their knowledge and coaching perspectives.

This coaching course will take place in Tallinn, Estonia. Theoretical and practical sessions will be held over three days: November 15th to 17th, 2024 (Annex 1). The appointed tutors are Anne Grethe Jeppesen (ISSF Coach PRO) from Norway for the Rifle part and Jelena Arunović (ISSF Coach PRO) from Serbia for the Pistol part.

The Member Federations are invited to nominate their candidates for participation by using the Registration Form (Annex 2). The deadline for nominations is **June 14th, 2024.**

A maximum of 20 participants per discipline will be accepted, with a limit of 4 participants (2 Rifle and 2 Pistol) per Member Federation initially. Subsequently, a waiting list will be established.

Selection will be done by the Tutors based on CV evaluation and answers to the Questionnaire (Annex 3).

Following the final approval of the participants' lists, a letter of acceptance along with details regarding homework assignments and educational materials will be sent to the Member Federations.

The General Information (Annex 4) and Annexes are attached to this letter. All respective information is also published on the ESC website under Development section.

It is also possible to organize the same type of course in any other country. The interested Member Federations are welcomed to submit an Application Form (Annex 5) and contact the ESC Secretariat esc@escsport.eu.

The main Organizer's obligations are:

- *To prepare and manage logistics, including accommodation, transportation, and meals for participants;*
- *To set up the shooting range with sports equipment and personnel;*
- *To arrange classrooms connected to Internet with a screen and projector.*

Best regards,

Alexander Ratner
President
