3. RULES AND REGULATIONS

All information, Rules and Competition formats for the ESC Championship can be found on the ESC website: <https://esc-shooting.org>.

The Juries (Competition Jury, RTS/ Equipment Control Jury) have been designated by the ESC to supervise the Championship. Qualified Referees/Range Officers holding the applicable ISSF Licenses will conduct the competitions.

Rifle / Pistol Equipment

Equipment Control will be conducted according to **ISSF Rules** using approved, calibrated instruments. All athletes are strongly encouraged to submit any doubtful equipment or clothing to Equipment Control for inspection prior to the competition. All athletes are subject to random post-competition testing; disqualification will occur if equipment or clothing is found to be non-compliant with the ISSF Rules.

All **pistols** must be **registered** in the ISSF **database**. Any pistols that have not been previously registered or recorded must be checked for compliance with ISSF Rules and registered to the athlete.

Rifle Clothing

All rifle athletes must have **ISSF Seals** with serial numbers affixed to their jackets, trousers, and shoes. Any jackets or trousers lacking **ISSF Seals** must be submitted to Equipment Control for inspection.

Please note that all existing **ISSF** seals and Equipment Control cards/certificates issued for jackets and trousers will become invalid as of **1 January 2026**. All clothing items must be submitted to Equipment Control for testing.

EUROPEAN CHAMPIONSHIP RIFLE/PISTOL/SHOTGUN U23 WROCŁAW, POL 1 – 12 AUG 2026

Athletes looking to replace a registered jacket or trousers with a new item must bring the new item to Equipment Control for inspection and the issuance of a new seal. Previous seals will then be cancelled.

Rifle athletes are permitted to have only **one (1)** active **jacket** and **one (1)** pair of **trousers** at any given time.

Shotgun Equipment

All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition.

Equipment Control

Will be conducted according to the **ISSF Rules** using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment or clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tape will be disqualified.

Cartridge Controls

During the competitions, athletes whose cartridges are to be tested will be selected by a computer draw. Between 10% and 18% of athletes participating in an event will be selected for cartridge testing. **Two (2) plus four (4)** cartridges will be taken from each athlete placed in separate labelled envelopes.

The **two (2)** cartridges must be tested first. If both cartridges weigh 24.50g or less, no further action will be taken. If one or both cartridges weigh more than 24.50g, the **four (4)** cartridges in the second envelope must then be tested. If the average weight of all **six (6)** cartridges exceeds 24.50g, the athlete will be disqualified (DSQ).

In accordance with ESC rules, the Jury may also decide to conduct cartridge controls during the Final stages of each event.

Coloured Wads

Only transparent or translucent wads with no color may be used.

Any athlete found using ammunition that does not comply with ISSF Rules will be disqualified (DSQ).

All Post-Competition Testing

All post-competition testing will be conducted in accordance with ISSF Rules.
